

Spartan Command Philosophy

ΜΟΛΩΝ ΛΑΒΕ!

Our Mission:

Provide combat-ready aircrew and aircraft to FLY, FIGHT, and WIN!

Family: The foundation of our command.

- Treat everyone with *Dignity and Respect*.
- Our mission cannot be accomplished without every Spartan.
- Care for yourself and each other - know when to ask for help, be generous with your time and talents.

Trust: The bond that connects every Spartan.

- We hold ourselves accountable for our actions and TRUST each other to do the same.
- Our business is dangerous; we are only successful if we can TRUST each other.
- Spartans do the right thing, because it is the right thing to do!

Warfighting: Our mindset when executing our Nation's tasking!

- From the most senior Sailor, to the most junior, each Spartan is critical to our ability to provide combat-ready aircrew and aircraft.
- Each Spartan must pursue excellence in everything they do!
- Train every day to hone your craft to ensure we are ALL ready when called upon.

Our Creed:

"All ten fingers, all ten toes, fused ordnance and sensors, on target, on time!"
